

ABOUT THE ART AND THE ARTIST

Each year, The Montgomery Area Business Committee for the Arts (MABCA) presents the Business in the Arts Awards to area businesses that have shown exceptional support for the arts. The awards themselves are works of art and this year, Barbara Davis was selected to create the 2013 awards. Born and raised in Montgomery, AL she started painting at the age of fourteen. She obtained her degree in Fine Art from Auburn University Montgomery, painted portraits in the mid-1990s and in 2004, began painting en plein air. Ms. Davis has had the opportunity to learn from some great artists such as Peggi Kroll-Roberts, Qiang Huang, Roger Dale Brown, Perry Austin, Mark Horton, Christopher Groves and the late Gordon Wetmore. In 2010, Ms. Davis retired from the banking industry to become a full-time artist. Ms. Davis says "I have found the common thread for all of my painting subjects – whether the sky, the landscape, florals or figures - are light and its effect on the subject. I am hungry to learn more; to notice more; to capture more of the effect light has on color, value, the modeling of form. It is my goal to create, not a photographic realism, but an impression of light."

The 2013 Business in the Arts created by Ms. Davis, will be on display October 1 - November 5, 2013 in the Alabama State Council on the Arts' Georgine Clarke Alabama Artists Gallery in the RSA Tower 201 Monroe St. Montgomery, AL.
For more information please call Ashley Ledbetter 334-263-2224.
